

WIRELESS VOICE, DATA, GPS AND  
BUSINESS COMMUNICATIONS SOLUTIONS

### **Christmas Newsletter 2009-**

Dynasty Communication would like to take this opportunity to wish you and your family a Happy Holiday and a safe and prosperous New Year, it has been a pleasure doing business with you and we look forward to serving your needs in the year to come.

A few Holiday thoughts for you:

- 1) Use those camera phones to take lots of great Holiday pictures!
- 2) Do not call me if you drop your phone in the Holiday punch!
- 3) Spend plenty of time with your family, take some time to slow down and be thankful for all that you have!
- 4) Do not buy your parents a Jitterbug phone; we will get them a nicer phone after the Holidays!
- 5) Eat plenty of sweets they make you smile!
- 6) Do not eat the fruitcake!
- 7) Call an old friend and wish them Merry X-Mas!
- 8) Say a prayer that our beloved President does not have anything else thrown at him this X-mas season!
- 9) Give a nice tip to someone that earns it!

- 10) Be safe out there to close the year, we have work to do next year!

### **Mikes Mobile Minutes-**

Leave it to Google (<http://www.google.com/>) to come up with something like this!

Here's a number worth putting in your cell phone, or your home phone speed dial: 1-800-goog411 (1-800-466-4411)

This is an awesome service from Google, and it's free – great when you are on the road. Don't waste money on information calls and don't waste your time manually dialing the number.

I'm driving along in my car and I need to call the golf course and I don't know the number. I hit the speed dial for Google 411 information that I have programmed.

The voice at the other end says, "City & State." I say "Garland, Texas." He says "Business Name or Type of Service." I say "Fire Wheel Golf Course." He says "Connecting" and Fire Wheel answers the phone.

How great is that? This is nationwide and its absolutely free! If you're on a cell phone there are other features including a map option!

Click on the link below and watch the short clip for a quick demonstration. <http://www.google.com/goog411>
