

# Frustration Free Meetings and Collaboration

Subscribe to Vonage Business Cloud and get the top tier of Amazon Chime. This enterprise-grade, mobile-friendly communications app delivers audio, video, and chat tools that compliment our portfolio of 40+ business calling features.

## Team Empowerment Is Included in Your Plan

Leave the office, not the meeting. This all-in-one app empowers teams to work together, face-to-face - virtually anywhere. With the fully featured Amazon Chime Pro tier included in Vonage Business Cloud phone plans, you can run video meetings smoothly from any device for up to 100 colleagues or clients. And as a Vonage customer, this easy-to-use, intuitive app comes at no additional cost to you.

## Communication Is Powerful Conferencing Made Simple

- ✓ Join meetings instantly with a single tap or click.
- ✓ Switch devices effortlessly with an app that's built for mobility.
- ✓ Attach files to a chat or chat room in real-time.
- ✓ Share your screen instantly, even if you're not the host.
- ✓ Stay connected with meetings that dial you back in if you're disconnected.
- ✓ Start meetings on time with meetings that call you.
- ✓ Manage background noise from any line.
- ✓ Customize your meeting link so it's easy to remember.
- ✓ Focus on what's being said with high-quality wideband audio and high-definition video.
- ✓ Save on overhead with all the tools your business needs included in your Vonage Plan.
